

ERP Project Manager

Job Description

Department: Auditor
Position: Career Service
Grade: 727
Supervisory: No
Reports to: Director of Financial Services

Summary

Under general guidance and supervision of the Director of Financial Services, coordinates communication, planning, and implementation of ERP software and related projects within the established budget, timeline, and scope. Monitors and presents project updates to various stakeholders, including committees, vendors, and team members.

Essential Functions

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

1. Function as the primary contact for ERP implementation, transmission, training, improvement, and maintenance; screen, coordinate, and respond to system inquiries between system users and administrators to ERP vendor; escalate various issues, as needed.
2. Coordinate all elements of the ERP system and projects, actively participating in all phases of the project life cycle; estimate and monitor costs, delivery dates, resources required, and status of deliverables; identify issues with project scope and progress; communicate status of project commitments and team objectives to all stakeholders.
3. Function as liaison between users and ERP vendors; participate in and lead regular meetings; observe and document process workflows; compile and maintain bug reports from users, as needed; communicate feedback from power-users to streamline changes in project plans.
4. Coordinate beta testing for software rollouts and updates; direct stakeholders to test environments, as needed.
5. Conduct, coordinate, and/or attend internal and external meetings related to ERP software and projects, including key processes and related software.
6. Ensure projects are delivered on time, remain within budget, adhere to high-quality standards, and meet user expectations; establish and implement project management processes and methodologies.
7. Maintain master schedule of ERP projects; assist with updating schedules.
8. Recommend process improvements and system integrations; monitor problems and bugs, as needed.

Work Environment

This job operates in a professional office, computer room, or other controlled environment. This role routinely uses standard office equipment such as a laptop, desktop, smartphone, photocopiers, shredders, and filing cabinets. The noise level in the work environment is usually moderate. The incumbent may be required to drive Utah County owned vehicles while conducting County business and must abide by the Utah County Vehicle Policy.

Physical Demands

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is required to use manual dexterity to handle, feel, and operate objects, tools, and controls, and reach with hands and arms. This employee is frequently required to stand, talk, and hear. The employee is regularly required to work for sustained periods of time maintaining concentrated attention to detail. Specific vision abilities by this job include close vision and ability to adjust focus. The employee is required to type, file, and lift or otherwise move supplies or equipment weighing up to forty (40) pounds. The employee occasionally drives a motor vehicle.

Position Type / Expected Hours of Work

Incumbent must work eighty (80) hours each pay period to maintain full-time status. There may be availability to work out a flex schedule ahead of time that works for both the County and the employee. Occasional evening and weekend work may be required as job duties demand.

Travel

Travel is primarily local during the business day, although some out-of-area and overnight travel may be expected, up to five (5) percent.

Required Education and Experience

1. Bachelor's degree or equivalent in business administration, information systems, computer science, accounting, finance, or a related field.
2. Two (2) years of work experience in project management or business administration.
3. Equivalent combinations of education and experience may also be considered.

Preferred Education and Experience

1. Preference may be given to applicants with experience as a project lead or team lead.
2. Preference may be given to applicants with experience managing several projects at once with competing priorities.
3. Preference may be given to applicants with experience delivering third-party ERP software products.
